

On October 11th for Fellowship we'll be playing BIBLE Bingo.

Each person will need to create their own card BEFORE Sunday morning.

Start with a blank grid of 5 rows and 5 columns.

Then randomly fill in the names of any 24 books of the Bible, with a heart in the very center as the "free" space. There are 66 books available to choose from. Fill up the whole card with a book in each cell. Make sure that each person in your home who wants to play has a different card with a different order of books on the grid.

Find about 24 objects (dried beans, coins, paper clips, little pieces of paper) to use for when we play. Do not use a marker/crayon since we will play several rounds with the same board.
